Or ..not even a good person

However I had poor grades at college and couldn't even stay in the provincial capital. I became a primary school teacher by my parents' connections
God must be punishing me to let me meet him again along with his sister

I want to expiate!

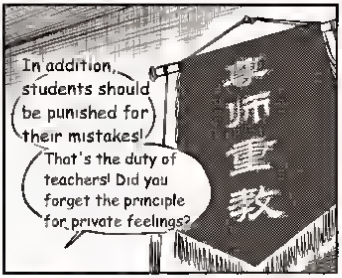
Educational & Student Affairs Office

You're troubling me with no reason. I'm disappointed
It's not with no reason! It's too harsh to ban them from the games!
The kids have been working a lot for today! You can't ban them!

U17.com

Couldn't it be You're thinking about doing something for your lifesaver's sister?
I...!
Sigh... Pure person... what are you doing it for?



In addition, students should be punished for their mistakes!
That's the duty of teachers! Did you forget the principle for private feelings?

Tsk !
There ARE many people out there in the day.
Step
Hurry up!
Step
Easy! Soon they'll also collect from here!
Step
Great! Thank...
Wait! I haven't finished
Pff...
Fine. I'll let them go this time. They can continue
Tonight, wait in the single dorm the school arranged you alone.
I'll discuss the future of your class with you. Don't escape, or call others
Otherwise... your little story...will be open to all.

Gong...
Would it be a little bit inappropriate? It's just games...
I sort of don't understand about our action this time...

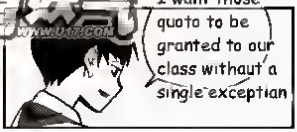
We won fair and squore until the end of Year 4... Why this time...

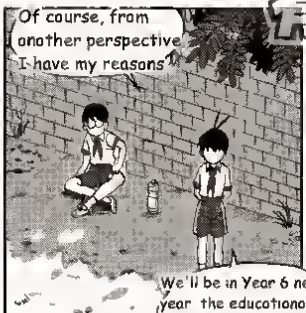
You mean I am despicable
No, no, no! I'm just confused

Comrade Vice Prez

You're right indeed but I...

I have no way back...





Of course, from another perspective I have my reasons
We'll be in Year 6 next year the educational authorities leave us with almost no recommendation quota for key secondary schools

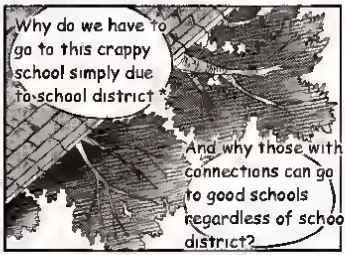
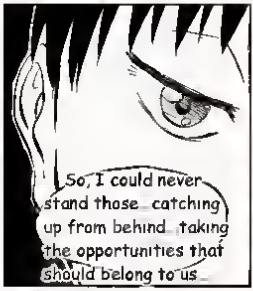
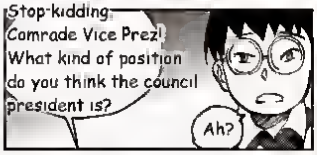
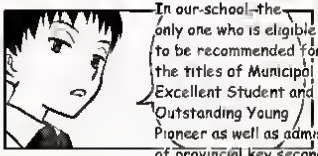
T/N: Not to be understood as an adminstrational body, but a matching between residential areas and schools



Why do we have to go to this crappy school simply due to school district *
And why those with connections can go to good schools regardless of school district?





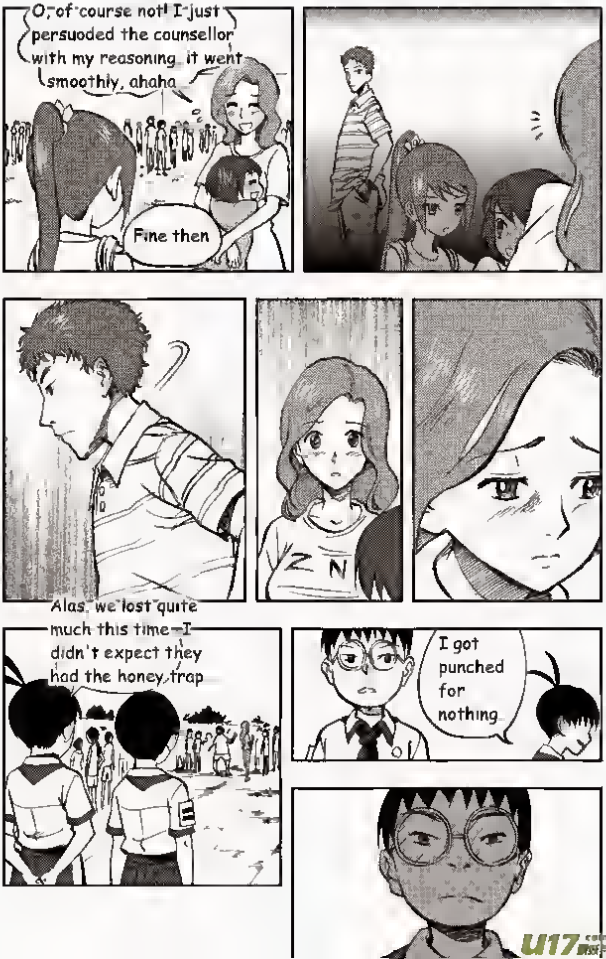


In our school, the only one who is eligible to be recommended for the titles of Municipal Excellent Student and Outstanding Young Pioneer as well as admission of provincial key secondary schools is the council president

U17.com

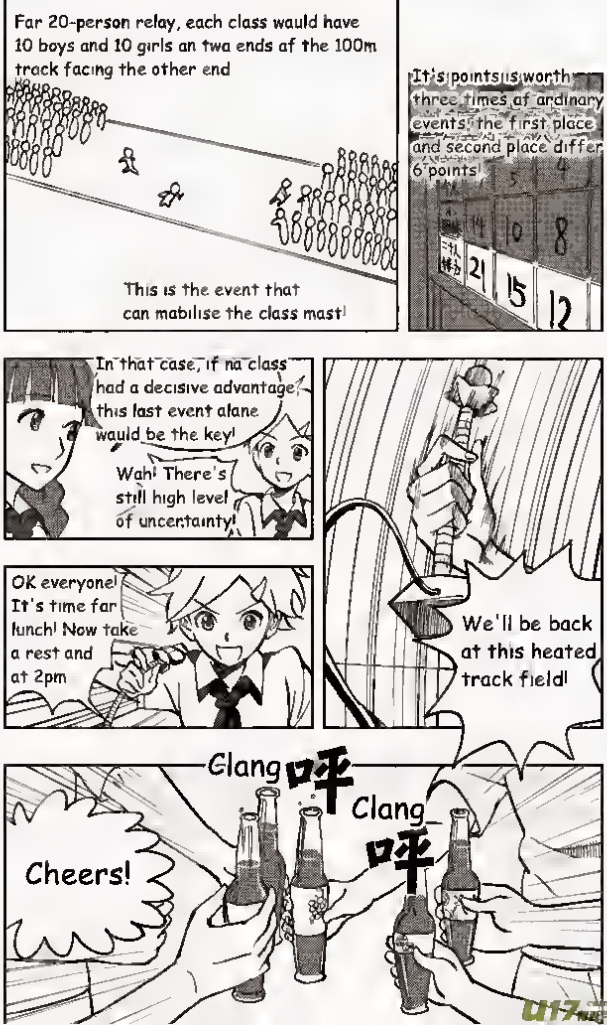
Eh... isn't that exaggerated...?
In schools I know about, council president is elected out of merit.
Yes! In normal schools
But don't forget, our school is
The worst in our city
I understand.
I'll support you until the last
Good comrade! For class 4!
For class 4!

Oh?
We can continue the games?
Great! Ms Lanlan!
But Jun might get an open violation notice or worning after the games
Ahaha! They matter nothing!
You fellows! Take the first place with one effort!
耶！ Yeah!
Well done, Concubine Lon
Ah...
But...
You didn't do anything that would hurt yourself or Zhen did you?
.....
I...



Of course not! I just persuaded the counsellor with my reasoning, it went smoothly, ahaha
Fine then
Alas, we lost quite much this time—I didn't expect they had the honey trap
I got punched for nothing

Everybody! Let's focus on Yeor 5 again!
Unlike before, the monopoly of class 4 is broken together by class 2 and 3!
The total points of each class goes up alternatively, it is impossible to tell who is the final winner!
Ling-jiejie, it seems we can only look forword to the last event!
Indeed, the last event that can widen the gap of total points is
20-person relay!



Far 20-person relay, each class would have 10 boys and 10 girls on two ends of the 100m track facing the other end
This is the event that can mobilise the class most!
It's points is worth three times of ordinary events, the first place and second place differ 6 points!
5
4
14
10
8
21
15
12
In that case, if no class had a decisive advantage, this last event alone would be the key!
Wah! There's still high level of uncertainty!
OK everyone! It's time for lunch! Now take a rest and at 2pm
We'll be back at this heated track field!
Clang 呼

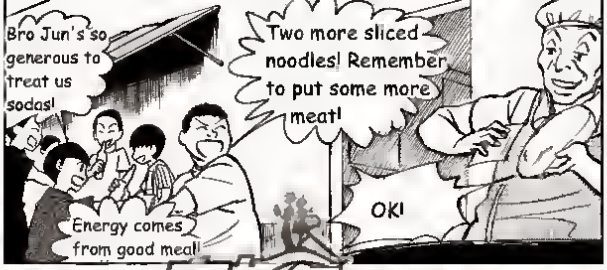
Cheers!



Bro Jun's so generous to treat us sodas!
Two more sliced noodles! Remember to put some more meat!
Energy comes from good meal!
OK!

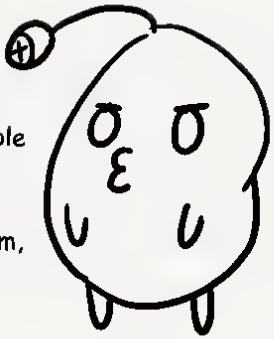
Stop that nonsense, of course we are here to beat you
To avenge our class president!
Shit! Like if we are afraid. Bring it on!
Hold on.
You'd better know your place, you have no qualification to fight back
!! What the hell, don't fight back. Simply waiting to be beaten to death?
But...if we fight back...
We'll be told on... and disqualified for fighting right?
.....
I beat him, avenge on me and let go my bros.
Bro Jun! What are you talking about!

Bastards! It's purely getting beaten! Why do you have to take that! Go back!
Bro Jun! You underestimated us! We're not afraid of that!
Let us share some for you! It'll be fine!
.....
.....
Come on! Bastards of class 4!
These
fools
Tell you what, if you can't beat us to death
We'll take the first place!
To be continued



Seems many people still don't know about it, it's the mascot of u17.com, Monsew-nut!

Monsew-nut is very useful, for example...
